TESTIMONIALS

"The service is very good, reliable and quick at responding with any queries. The team are friendly. The quality of the photos are clear and parents are happy with the photos."

-Hayley Wilkinson, Finance Officer, Kingsway Primary School

I cannot recommend Star Vision Photography enough, they are very accommodating in working with us regarding timings and the type of photo we want. The quality of the photos are fantastic and the best we have ever had taken.

It is such an easy and smooth process from taking the bookings, through to the day of the shoot to receiving the photos. We have well over 400 children on roll and the photographers managed to take the time to get the best photos of all the children in just a morning.

The quality of the photographs and the price is outstanding and since using them it is the first time we haven't had any complaints or photos returned, which speaks for itself. As a school we can't praise them enough and look forward to working with them for many years to come."

- Marie Smith, Administration Assistant, Kirkby Woodhouse School-Aspire MAT

"I wanted to email to say how well the photographs have gone today. It was a pleasure to have the Nick in school. He was brilliant with the children and strived to take the best photograph for everyone."

Rachel Jarvis, Head Teacher, Hawthorne Primary School

"I just wanted to give some feedback about the company who completed the school photos. I think they are the best we've ever seen taken of our children. I hope they come next year as the quality of photos are beautiful."

Parent, Hawthorne Primary School

"I would just like to tell you about my little boys' recent photos, which I purchased online. I am really impressed with the standard of photos taken. This is the second time now he has had them taken at this nursery by yourselves. He has autism and trying to get a photograph at home is nigh on impossible as he rarely sits still or just totally refuses. I do not know how you do it but they are amazing. Thank you very much."

-Emma, Parent, Bright Stars Nursery.

"We have been using Star Vision for a few years now and have been extremely happy with their service. They are always very helpful and flexible. The photos are of a very high standard and the sales have increased as a result. I would highly recommend them."

Anita Jackson, Office Manager, Arnold Mill Primary School

MEET THE TEAM

Alec Malbon
Director

Alec and Andrew are the directors of Star Vision Photography. They started the company back in 2017 with just 6 schools and have been growing ever since.

Andrew is passionate about providing the best possible customer satisfaction. He oversees the production procedure at Star Vision and ensures that all of our customers are happy.

Alec is determined that no matter how big Star Vision becomes they will not lose their personality and will continue to treat all of our schools like friends. He still likes to get behind the camera and tries to get out on site at least twice a week.

Andrew Robinson
Director

Rob joined our team in August 2021, bringing with him 22 years of experience. Rob has worked as the Photography Manager for 2 of the biggest school photography companies in the country.

Rob Drakeley
Photography Manager

Gurj is in charge of our business development and makes sure that we continue to grow. If you have any special requests, Gurj will find a way to make it happen.
